

COMMERCIAL VEHICLE CAR-WASH BRUSHES

Car-wash brushes with patented turning mechanism and ergonomic handle for quick and comfortable washing.

- Wash brush with and without water channel
- One water channel, which ensures optimum water distribution
- Swiveling brush with patented turning mechanism
- Diagonally arranged bristles which reach everywhere
- Split hair tips allow bristles to soak up lots of water
- Paint-friendly cleaning thanks to split, and thus softened, bristles
- Telescopic handle with fully extended length of 2.75 m

Fig.	Designation	Art. No.	P. Qty.
